SUMMER 2025

Summit is dedicated to presenting a diverse curriculum that is intentionally inclusive. Summit uses its autonomy as an independent school to explore history and our world from multiple perspectives and lenses. At Summit we believe that we learn best when we consider experiences and explore opinions different from our own. We cultivate empathetic and independent thinkers who are aware they are part of a community and citizens of the world. We offer safe spaces to listen, share, question, and participate.

Welcome to Summit Summer Camps 2025!

This summer, Summit is thrilled to offer a wide variety of specialized themed camps as well as our Fun and Fitness option, featuring a different theme each week. Camp options include AM-only, PM-only, or full-day programs, giving you the flexibility to find the perfect fit for your family's summer plans. Many of these camps will provide students the unique opportunity to work with Summit's talented teachers, who are dedicated to nurturing every student's growth in a supportive environment.

We are excited to offer a holistic approach to strength training this summer with P.E.A.K. Performance! This AM-only camp, available all summer for students in grades 3-8, will be led exclusively by our physical education teacher, Jamie Day. Students will focus on strength training, speed and agility, and game play while building confidence and teamwork skills.

During weeks 1 and 2, Ms. Jackie will bring her creative talents to camp! Open to 5th-6th graders, this camp will introduce students to the art of sewing, guided by Ms. Jackie's expertise as a costumer for Young Footliters Children's Theatre and City Circle. Don't miss this opportunity for a fun, hands-on experience in creativity!

We are thrilled to announce the addition of our Reading Resilience camps this summer! These specialized camps will utilize the Orton-Gillingham approach, providing personalized instruction and engaging activities designed to strengthen reading and comprehension skills.

- 1st-3rd Grade Camp: Led by our 1st-grade teacher, Ms. Nikki, this camp will empower younger students to build confidence in their literacy skills.
- 4th-6th Grade Camp: Led by our Literacy Coach, Ms. Sue, this camp will provide targeted strategies to help older students overcome challenges and unlock their full potential.

We are delighted to have our Associate Teacher, Ms. Erin, who will be co-teaching in the Kindergarten room all summer! This is a fantastic chance for new Kindergarten students to get to know Ms. Erin in a supportive and engaging environment.

We're eager to announce that Ms. Shelby will join us this summer as Co-Director of Summit's summer camps! A member of our Building Leadership Team (BLT) and an aspiring principal, Ms. Shelby brings leadership experience and a passion for education to our summer programs.

Whether you are new to Summit or a returning family, our camps are designed to be a highlight of your summer! Your child will work in small and large groups with experienced instructors to learn, create, and grow. At the end of each specialized themed camp, students will proudly present their completed projects to friends and family, showcasing their hard work and creativity.

Early Bird Registration Discount

Don't miss out! Register before March 1st to receive 10% off your total purchase with our early bird discount. Use code summer25 at checkout to apply your savings.

Join us for an unforgettable summer filled with learning, creativity, and fun. We can't wait to see you at Summit this summer!

Keep the learning momentum alive this summer with our four-week Reading Resilience Camp! Designed to prevent summer learning loss and build confidence, this camp is tailored to meet the unique needs of every student.

Led by skilled teachers trained in the Orton-Gillingham approach, we focus on strengthening reading and comprehension skills through personalized instruction and engaging activities. Each session is crafted to support students with targeted strategies, empowering them to overcome challenges and unlock their full potential.

Whether your child is working to build fluency or simply stay sharp over the summer, this camp is the perfect opportunity to cultivate a love for reading while ensuring steady progress. Join us to help your child maintain resilience and thrive in their literacy journey!

*No Camps June 19, 2025, in observance of Juneteenth.

**No Camps June 30-July 4, 2025 in observance of Independence Day.

KINDERGARTEN

<p>WEEK 1 - CAMP KEEPY UPPY</p>	<p>Get ready for a summer of fun, laughter, and creativity at Camp Keepy Uppy! Inspired by the beloved spirit of imaginative play, this camp is perfect for kids who love games, adventures, and making new friends.</p> <p>Each day at Camp Keepy Uppy is packed with exciting activities, from lively group games like “Keepy Uppy” and “Shadowlands” to hands-on crafts that let campers unleash their creativity.</p>
<p>WEEK 2 - ANIMAL ADVENTURES</p>	<p>Explore different animals and their habitats through creative crafts, fun science experiments, and engaging games. Activities include animal-themed nature walks and group projects that encourage teamwork and friendship. Students will have special guests visit from Prairie Patch Farms.</p> <p><i>Special visit from Prairie Patch Farms</i></p>
<p>WEEK 3 - IMAGINATION STATION</p>	<p>Young artists will explore a variety of art forms, from painting and drawing to sculpting, crafting and music. Through fun, theme-based projects, campers will unleash their creativity, make colorful masterpieces, and enjoy hands-on activities that encourage self-expression and teamwork.</p>
<p>WEEK 4 - LITTLE INNOVATORS LAB</p>	<p>Through exciting projects and interactive demonstrations, campers will discover the magic of science, develop problem-solving skills, and spark curiosity. It’s the perfect camp for young explorers who love to ask questions, experiment, and have fun while learning!</p>
<p>WEEK 5 - MYTHICAL CREATURES</p>	<p>Welcome to the enchanting world of Mythical Creatures Camp, where magic and imagination come to life! Designed especially for kindergarteners, this camp is a whimsical adventure into the land of dragons, mermaids, fairies, unicorns, and gnomes.</p> <p>Each day, campers will explore the wonders of mythical creatures through engaging activities, creative crafts, and exciting adventures. From magical tales to imaginative play, every moment is designed to inspire curiosity and bring these fantastical worlds to life.</p>
<p>WEEK 6 - DINO-MITE ADVENTURES</p>	<p>Young paleontologists will explore the exciting world of dinosaurs! Campers will learn fun facts about different dinos, create dino-themed crafts and engage in interactive games and activities. It’s the perfect camp for little ones who love these prehistoric creatures and want to learn more while having a roaring good time!</p>
<p>WEEK 7 - GALAXY EXPLORERS</p>	<p>Campers will learn about planets, stars, and rockets, creating fun space-themed crafts and engaging in hands-on activities. With imaginative games and exciting discoveries, kids will blast off into the wonders of the universe while fueling their curiosity and creativity!</p>

1ST-2ND GRADE

<p>WEEK 1 - WEATHER WIZARDS</p>	<p>Campers will explore the science behind clouds, storms, and sunshine through hands-on experiments and outdoor activities. Whether it's making weather-themed crafts or tracking the daily forecast, every day will be filled with stormy excitement and sunny discoveries.</p>
<p>WEEK 2 - INSECT INVESTIGATORS</p>	<p>Let's explore the amazing world of insects! From ladybugs to fireflies, campers will engage in hands-on activities like bug hunts, crafting insect habitats, and creating bug-inspired art. Our outdoor adventures will teach them about nature while fostering teamwork, creativity, and a love for the tiny creatures that make our world so fascinating.</p>
<p>WEEK 3 - PIRATE EXPLORERS</p>	<p>Campers will practice their pirate skills, from map-reading and navigating to creating their own pirate flags. With scavenger hunts, obstacle courses, and water games, they'll search for hidden treasure while learning about pirate lore and teamwork. Grab your eyepatch and join the crew for a summer full of adventure on the high seas!</p>
<p>WEEK 4 - PLANET PIONEERS</p>	<p>Campers will build rocket ships, learn about planets, and even create their own constellations. With fun, hands-on activities like space crafts and cosmic games, the universe will come to life in ways that are out of this world!</p>
<p>WEEK 5 - CHASING RAINBOWS</p>	<p>From learning how rainbows are made to creating their own vibrant masterpieces, campers will explore color mixing, light experiments, and artistic projects inspired by the spectrum. With hands-on activities, science experiments, and rainbow crafts, every day will be a brilliant burst of fun and creativity!</p>
<p>WEEK 6 - PREHISTORIC PALS</p>	<p>Campers will learn about how fossils are formed, the different types of prehistoric creatures, and how paleontologists study the past. Through fun crafts, science experiments, and interactive activities, they'll uncover the mysteries of ancient life and create their own dino-inspired projects.</p>
<p>WEEK 7 - GLOBE TROTTERS</p>	<p>Through fun activities like crafting, games, and music, campers will discover the unique traditions, animals, and landmarks of each destination. Each day, we'll "travel" to a new country and learn about its fascinating history and customs.</p>

<p>Storyteller’s Studio - Whether you’re crafting epic tales, writing poems, or creating comic strips, this camp is the perfect place to explore the power of words. Campers will learn storytelling techniques, develop characters, and write exciting plots while having fun with writing prompts, group activities, and creative challenges.</p>	<p>Fairytales Explorers - Campers will explore classic stories like Cinderella and Jack and the Beanstalk, while also creating their own fantastical characters, settings, and plots. Through storytelling, drama games, art projects, and team challenges, campers will bring their imaginations to life.</p>
<p>Animal Explorers - Let’s discover amazing animals from around the world, learning about their habitats, behaviors, and unique adaptations. From learning about local wildlife to diving into the world of exotic creatures, this camp is packed with hands-on activities like animal art, nature walks, and interactive games.</p> <p><i>Special visits from Prairie Patch Farms & Linn County Conservation.</i></p>	<p>Plant Science - Through hands-on experiments, gardening activities, and nature walks, campers will learn how plants grow, how they adapt to their environments, and the important role they play in our world. From planting seeds and creating mini ecosystems to studying photosynthesis and pollination, this camp is packed with fun, interactive lessons.</p>
<p>Board Game Bonanza - From strategy games to party games, campers will learn and play a variety of popular board games such as Monopoly, Uno, Jenga, Clue, Twister, and more. Every day can feature a different game or tournament, and campers can create their own board games to share with the group.</p>	<p>ARTastic Creations - Each day, campers will dive into a variety of fun projects, from painting and drawing to building sculptures and crafting unique pieces. They’ll experiment with different materials like clay, fabric, and recycled items, while developing their artistic skills and imagination.</p>
<p>Science & Engineering - This hands-on camp is all about building, designing, and experimenting. Campers will dive into a world of machines, structures, and creative challenges, using everything from recycled materials to everyday objects to create something new. Whether it’s designing a working machine, constructing gingerbread houses, or conducting exciting science experiments, each day will bring fresh opportunities to explore the world of innovation.</p>	
<p>Birdwatchers - Campers will explore local bird species, learn how birds adapt to different environments, and discover the incredible diversity of flight. Highlights include hands-on activities like birdwatching and creating bird-themed art. Plus, campers will have the unforgettable experience of meeting rescued raptors, with a special visit from a raptor group showcasing these majestic birds up close.</p> <p><i>Special visit from the Raptor Education Group</i></p> 	<p>Splash Science Camp - Campers will explore the science behind water—its properties, behavior, and importance—while engaging in creative and interactive projects. Whether experimenting with water in the lab or playing water games outdoors, this camp offers a mix of learning and fun that will keep campers excited about the natural world around them. It’s the perfect blend of science, play, and exploration!</p>
<p>Art & Nature - Campers will explore outdoor environments, gather inspiration from plants, animals, and landscapes, and then bring their discoveries to life through a variety of artistic projects. It’s the perfect blend of creativity and nature, where every day brings a new opportunity to explore, create, and have fun!</p>	<p>Mindful Movers - Campers will practice simple yoga poses, breathing exercises, and teamwork activities that promote focus, relaxation, and cooperation. Through games, group challenges, and physical activities, they’ll learn how to connect with themselves and each other while staying active and having fun. It’s the perfect camp for building confidence, balance, and friendship!</p>
<p>Lego Animation & Film Studio: Campers will build sets and characters with LEGO bricks, creating their own stop-motion animation stories. They’ll learn how to capture individual frames and bring their creations to life through film.</p>	<p>Lego Animation & Film Studio: After building and animating their scenes, campers will transition into filmmaking basics! They’ll explore storyboarding, sound effects, and editing, using apps and simple software to create and edit their own LEGO films. At the end of the week, they can host a “movie premiere” of their stop-motion films!</p>

5TH-6TH GRADE

<p>Sewing with Jackie - Come be a part of our exciting summer camp, where your child can learn the basics of sewing with the amazing Ms. Jackie! With a focus on beginner sewing skills and a fun, interactive atmosphere, our camp promises an unforgettable experience. Don't miss out!</p>	<p>Set & Prop Design - Join Ms. Jackie to learn all about the exciting world of set and prop design! In this engaging class, students will explore their creativity while gaining skills in designing and creating sets and props for various performances. Get ready to bring stories to life on stage with Ms. Jackie's expert guidance. Let's create something amazing together!</p>
<p>Costume Design - In this interactive workshop, students will explore their creativity and learn the fundamentals of designing costumes for various characters. Through hands-on activities and collaboration, students will develop their artistic skills while having a blast with Ms. Jackie. Don't miss out on this opportunity to unleash your imagination and bring characters to life!</p>	<p>Theater Acting Camp - Ms. Jackie will guide and inspire participants to explore the creative world of acting. Through fun activities and workshops, students will develop their confidence, improvisational skills, and stage presence. Don't miss out on this exciting opportunity to shine on stage!</p>
<p>Shark Tank - Encourage your budding entrepreneurs to unleash their creativity as they develop innovative inventions. From ingenious gadgets to revolutionary products, our campers will learn to pitch their ideas like a pro. Join us for a week full of imagination, teamwork, and entrepreneurial spirit!</p>	<p>Architecture & Engineering - Campers will explore the world of architecture and engineering by designing and building their own structures and bridges. They'll experiment with different building materials, plan their designs, and test the durability of their creations. Campers will also explore famous buildings and learn about the basics of engineering, from balance and weight distribution to sustainability.</p>
<p>S.T.E.A.M. Explorers - Where Science, Technology, Engineering, Art, and Math come together for an action-packed, hands-on learning experience! This all-day camp is designed to ignite curiosity and foster creativity by diving into all the exciting elements of STEAM. Campers will spend the day exploring, experimenting, designing, and building projects that bridge the gap between the arts and the sciences, all while learning how each field is connected to the world around us.</p>	
<p>Art & Design Studio - From painting and drawing to digital design and mixed media projects, campers will have the chance to experiment with different materials and techniques while honing their artistic skills. Whether you're a seasoned artist or just starting to discover your creative side, this camp offers a supportive environment to explore and create.</p>	
<p>Media Literacy & News Reporting - Campers will explore the world of media literacy by learning how news is created, shared, and consumed. They'll learn how to research, write, and report news stories, both written and digital, while understanding the importance of fact-checking, ethical journalism, and digital citizenship. Campers will create their own newspapers, podcasts, or news videos.</p>	<p>Create, Code, Innovate - Whether you're a beginner or have some experience, this camp offers a hands-on, creative environment to explore the basics of coding, app development, and game creation. Using fun and engaging platforms like Scratch, campers will learn to bring their digital ideas to life through interactive projects.</p>
<p>The Book Nook - Dive into the world of books in this fun and interactive summer camp for 5th and 6th graders! Over the course of a week, students will choose a book they're excited about and join peers in discussing its themes, characters, and adventures. Each day will include engaging activities like creative projects, games, and group discussions to bring the stories to life. Whether you're an avid reader or just starting to explore the joys of books, this camp is the perfect way to spark imagination and connect with fellow young readers!</p>	<p>Storyteller's Studio - Unleash your creativity and bring your stories to life in Storyteller Studio! In this dynamic camp, young writers will explore the art of storytelling through creative writing, character development, and world-building. Whether crafting captivating short stories or designing their own graphic novels, campers will have the chance to express their unique voices and ideas. With fun, hands-on activities and guidance from experienced instructors, participants will leave with their own masterpiece to share. Perfect for budding writers and illustrators alike!</p>

P.E.A.K. PERFORMANCE

Students entering 3rd-8th grade

Push yourself to new heights this summer! PEAK Performance Camp is focused on building strength, boosting confidence, and achieving personal fitness goals in a fun and supportive environment.

P.E.A.K.	Week 1	Week 2	Week 3	**CLOSED**	Week 4	Week 5	Week 6	Week 7
A.M. ONLY	June 9-13	June 16-20*	June 23-27	June 30-July 4	July 7-11	July 14-18	July 21-25	July 28-Aug 1***
3rd-8th grade	8:30 A.M.-11:30 A.M.	8:30 A.M.-11:30 A.M.	8:30 A.M.-11:30 A.M.	⊗	8:30 A.M.-11:30 A.M.	8:30 A.M.-11:30 A.M.	8:30 A.M.-11:30 A.M.	8:30 A.M.-11:30 A.M.

“The current era of youth sports dictates that if you do not specialize early and devote your life to one particular athletic pursuit, you run the risk of being left behind. I have been an athlete all my life and have witnessed the shift from childhood being a time to explore a variety of physical activities in both structured and unstructured capacities shifting to an arduous full-time engagement, that frankly robs many kids of the fun and enjoyment of the sport. Current research demonstrates consistently that the best athletes experience an extended ‘sampling period’ during childhood. During this time they gather physiological, tactical and social lessons from a wide range of physical activities. This camp seeks to offer a more holistic alternative to young developing athletes. We will pull from a wide range of movement disciplines to comprehensively improve physical capacities. This includes strength, speed, mobility, field awareness, hand-eye coordination and spatial awareness. We will also dive into topics related to sports psychology, which includes the facilitation of a growth mindset, problem solving, teamwork, collaboration and coachability.” -Jamie Day, Summit Teacher

Over the course of 7 action-packed weeks, your athlete will join our skilled and inspiring teacher, Mr. Jamie, on a journey to boost their fitness and confidence while having a blast. Campers will work on:

- **Strength Training** – Build muscle, stamina, and self-discipline.
- **Speed & Agility** – Enhance quickness, coordination, and reaction times.
- **Game Play** – Put new skills into action through fun and competitive activities.

Each participant will set personal fitness goals and work toward achieving them with guidance from Mr. Jamie.

This camp is perfect for athletes looking to elevate their overall wellness, gain new skills, and stay active all summer long.

*No Camps June 19, 2025, in observance of Juneteenth.

**No Camps June 30-July 4, 2025 in observance of Independence Day.

***Early Dismissal Friday, August 1st at 1:30 PM - Last day of camp.
