TUTORING PROGRAM

Summit Schools' Mission:

Summit Schools empowers each student to exceed their academic, social, and emotional goals to ensure a lifetime of success and personal fulfillment.

Objective:

To develop an individualized plan for each of our students that provides:

- * One-on-one tutoring or small groups
- * Orton-Gillingham trained instructors
- * Flexible scheduling *Online and in-person tutoring options

What is Orton-Gillingham?

The Orton-Gillingham approach was developed to teach reading to students who have difficulties with print. Characteristics of Orton-Gillingham include:

Language-Based Instruction

Children learn to understand the nature and structures of the English language.

Multisensory Instruction

Children learn simultaneously using all of their learning pathways (seeing, touching, doing), which reinforce one another. Spelling and reading are taught together.

Structured, Sequential, & Cumulative

The language is taught systematically. Sounds are taught in isolation, and then blended together to make syllables and words.

Cognitive

Children learn the history and rules of the language and how to apply them.

Individualized

Your child's program will be developed to meet your child's needs.

Tutoring is available in the following areas:

- * Reading
- * Orton-Gillingham
